WORK EXPERIENCE

HCMR Hellenic Centre for Marine Research

City: Athens | **Country:** Greece

[15/03/2026 – Current]

Web Developer

- Managed and updated website content using WordPress and Drupal, ensuring proper functionality, structure, and presentation across web platforms.
- Created, formatted, and published news articles and web content related to marine missions, oceanographic data, and project activities, optimizing content for readability and web presentation.
- Maintained and updated website plugins, modules, and system components, performing basic troubleshooting, cache management, backups, and functionality checks before and after updates.
- Supported the daily maintenance, security, and overall operation of websites, including cookie/GDPR compliance management and monitoring website performance and stability.

Industrial Systems Institute

City: Patras | **Country:** Greece

[31/10/2024 – Current]

Associate Researcher

- Development and maintenance of web applications for EU-funded research projects, focusing on workflow platforms, dynamic forms and workflow automation.
- Involvement in the preparation of project proposals and deliverables.
- Technical solution design and collaboration with multidisciplinary international teams.

Net 'N' Design

City: Patras | **Country:** Greece

[07/02/2023 – 01/09/2023]

Web Developer

- Developed web applications for travel agency bookings on the Joomla platform, covering both customer-facing interfaces and back-office systems.
- Ensured compliance with National Payment System Act (NPSA) requirements, with emphasis on secure transactions, data protection and reliable payment flows.
- Managed CI/CD pipelines and collaborated on requirements gathering, system design and technical support within a cross-functional team, improving overall performance and maintainability.

EDUCATION AND TRAINING

[26/03/2024 – 09/08/2024]

Certification of Big Data Analytics

University of Patras - EKEK Athens

City: Patras | **Country:** Greece
